Daily reading

History WW2

Effects on the daily lives of ordinary people.
Focusing on the Blitz
How did it change the lives of children?

Geography

We will be finishing our rivers topic
reinforcing the vocabulary associated with the
river environment.

PSHE

Going For Goals
Thinking about realistic goals we can set
for ourselves, and ways we can achieve
them

Music

Painting With Sound

How can we conjure up pictures with music?
Exploring how different instruments can be used to
create different effects.

French

We will be learning about calendar dates and
celebrations throughout the year.

Terms 3 and 4 Winter 2010

Finding Learning Fun

PE

Our sport for this term will be volleyball.
We will learn the rule of the game and
practise the ball skills needed to play the
game well.

RE

Focus on Christianity.

Who do we hear about in the bible?

Science

How We See Things

Learning about the importance of light for seeing,
and how shadows are produced and can be changed.
We will also be learning about the eye and how it
works.

Numeracy

Properties of 2D and 3D shapes.
Weighing and calculating with metric units.
Division calculations using our knowledge
multiplication to help us.
Solving worded problems with addition,
subtraction, multiplication and division.
Extend ideas of place value.

Art

Figure in Action

How can we represent moving figures in art?
Drawing, painting and making action figures
for ourselves.

ICT

We will be learning how to create a paper
based branching data base to organise
information

Social Use of Language Programme Going For Goals

Working with the SEAL scheme to highlight the importance of setting
and achieving goals. Learning about famous people and how they achieved
their goals. What goals can we appropriately set for ourselves?
