

### Language and Literacy

All areas in the National Literacy Strategy are covered. Children work at their own level and speed, individually, in small groups, and with the Speech and Language Therapist.

### Music: Exploring pulse and rhythm

Children will develop their ability to hear the pulse of song and different rhythms in music.

### Science - Variation

Children will be learning about how animals and plants are different, and how we are different from animals.

## Spring Term 3 2010 Star Centre: Sun

### Geography - Going to the Seaside

Children will talk about holiday destinations. They will discuss the seaside and compare it to other localities. They will look at the human and physical features.

### Numeracy

All areas in the National Numeracy Strategy are covered. Children work at their own level and speed of learning, individually, in small groups and with the SLT.

Wish you were here?

### Art - Self portraits

Children will be exploring portraits by artists and photographers and creating their own self portrait.

### R.E

Children will learn why a Church is a special place for Christians. They will prepare for and make a visit to a local Church and make their own representations of churches in a variety of media.

### I.C.T

Children will refine their earlier work on controlling devices. Instructions will become more sophisticated and tasks more complex.

### P.E. Dance

Children will think about how to use movement to explore and communicate ideas and issues, and their own feelings and thoughts.

### PSHE - Relationships

Children will be learning about all the different types of relationship that there are (friends, family, school, acquaintances).

### Show and Tell and Weekend News

Please send something in with your child every Monday and write your news in the diary.
